

I'm not sure about that	You could be right, but...
(I'm afraid) I don't agree.	I agree up to a point, but..
As a matter of fact. I think..	That's an interesting idea, but..
I couldn't agree more.	I agree with you 100 percent.
That's so true.	You're absolutely right.
That's exactly how I feel.	I suppose so./I guess so.
You have a point there.	I was just going to say that.
Personally, I think...	I reckon... / I'd say...
What I think is...	If you ask me...
The way I see it...	As far as I'm concerned...

Do you have any thoughts/ views on...?

Do you/ Did you want to add anything?

What do you reckon?

Would you agree?

What's your take on this issue?

How about you? How do you feel about...?
